Aesthetic Procedures

***Botox (Price determined during consultation)**

BOTOX® Cosmetic is the only approved treatment to temporarily improve the appearance of both moderate to severe frown lines between the brows and crow's feet lines in adults. ***Fillers (Price starts at \$595)**

As we age, our faces naturally lose subcutaneous fat, our smile lines and crow's feet become more apparent, and the facial skin also stretches a bit, adding to this loss of facial volume. Dermal fillers can be used to plump thin lips, enhance shallow contours, soften facial creases and wrinkles, and improve the appearance of recessed scars. Dermal fillers can be very helpful in those with early signs of aging, or as a value-added part of facial rejuvenation surgery.

***Liquid Face Lift (Prices start at \$1695)**
